

Support Available

As a member of the APF you will receive specialist advice, support and advocacy when you need it. Our highly experienced Industrial Officers can be your first point of call for a range of issues, big or small:

- Salaries and allowances
- Conditions of employment
- Organisational changes to work practices or processes
- Workplace conflict, harassment & bullying
- Workers Compensation (WorkCover)
- Leave and contract negotiations
- Performance and career development
- Health and safety issues
- Negotiation of individual industrial cases
- Industrial agreement

'The union that provides expert advice, support and industrial protection exclusively for the Principal class in Victoria'

About Us

The APF is a Federal organisation dedicated to advancing the industrial interests of members, with State branches in Victoria and Western Australia.

Membership is open to Principal Class Employees in the Government school sector of the two constituent states.

We exist to protect and support members in employment related matters, and much of our activity is in industrial representation, advocacy, advice and support when dealing with a vast range of issues.

We provide support for our members working in difficult situations and continually strive to improve their conditions of employment.

Why join the APF?

As a member of the APF, you will join hundreds of other Principal Class members who have immediate access to:

- Support, advocacy and industrial protection exclusively for the Principal Class.
- Expertise in pursuing the interest of the Principal Class collectively without fear or favour. As an independent organisation, focused solely on the interest of the Principal Class, we are uncompromised in our representation and advocacy.
- A powerful influence and resolve to positively impact the direction of the government agenda on school governance, principal accountabilities, conditions of employment, contractual arrangements and protections.
